

## CONTACT US

If you believe that you are afflicted by unclean spirits and would like to seek our help, there are things that you should know:

1. You are contacting a Church Office. We have strict protocols to assure quality ministry and for your and our protection.
2. Do not consider your case as an emergency requiring immediate attention. It is not. Everyone that comes to us thinks their situation is an emergency. If it is an emergency, call a doctor or have yourself brought to a hospital, so calm yourself.
3. We thoroughly study each case that comes to us, much like what good medical doctors do. So it does take time since your case is not the only one we are attending to.
4. We do not do ambush pray-overs. If there is a demon afflicting you and you are not spiritually prepared, an ambush pray over will cause retaliation on your part, and you will suffer more. Believe us when we tell you that you are not spiritually prepared, even if you say you are. Demons know how to make life harder for you if you attempt to expel them, and you are not living in grace.
5. Therefore, do not expect to come to our office and immediately prayed over. We are not your local healers or “albularyos”. “Catholic Spiritual Liberation and Exorcism Ministry” is different from shamanism or faith healing.
6. We will ask you to write a narrative of your story, of your case, of why you think you are being attacked by the evil one. We want the whole thing.
7. We will read your narrative and call you for an interview for verifications, and clarifications.
8. We may ask for a referral from your parish priest. Since he is your local shepherd, he should know your condition so that he can make the appropriate referral and also start to include you in his prayers.
9. If you are not from the Archdiocese of Manila, we will first refer you to seek the assistance of the Exorcism Ministry Office of your diocese. Exorcists collaborate, we help each other.
10. Do not be disappointed if all this time you are not entertained by a priest or exorcist. Do not worry; they are on top of everything. However, they cannot journey with each person who comes to seek our help. That is the reason there are trained and trustworthy *Case Officers* to care for you from the beginning until your final liberation. Chill out with your Case Officer, open up. They are there to help in the most confidential, professional, and Catholic way.
11. If we suspect that your case requires medical attention, we will ask you to go to medical doctors, to psychiatrists, to psychologists. If you are under medication for anything at all, tell us. This is for your good and protection. We will refer you to Catholic physicians who know what to look for in determining whether yours is a medical case or something spiritual is interspersed with the medical, and this will take time.
12. We need you to be very honest and open to us. The devil reveals sins during exorcisms, that is a known fact. So do not hide anything because you are ashamed. Everything is confidential. We need to understand how the devil gained entrance into your life.
13. Once we have determined that yours is a spiritual case, we will prepare you for the pray over -- for an exorcism. Hence, just like preparing for major surgery, you need to make yourself seriously and your family ready by doing the spiritual assignment we will give you. Mere compliance is not enough. The genuine building of Catholic spiritual life will be required of you and your family.

First, you will be asked to make a thorough, honest, integral confession in the Sacrament of Reconciliation. You will be asked to forgive from your heart those who wronged you. You will be required to do renuncements of all evil relations, sinful acts, false beliefs, occult, and immoral practices, destroy cursed objects.

14. Then you will attend Holy Mass daily, fast, pray, do works of mercy, meditate on the Word of God, live humbly before God, be more charitable. We are looking for true conversion to God here. We need to loosen up the bondage the Enemy has in your life. We need to have sanctifying grace in your soul. While you are all doing these, the devil will make life difficult for you. Everything will be a challenge. You must persevere in prayer. There is also a lesson being taught by God to you in those most difficult moments: "How impossible to get out of the clutches of the Evil One, had not the Almighty God been merciful to us sinners." Also, you will then appreciate grace, forgiveness, the mercy of God, Our Lord Jesus Christ, the Blessed Virgin Mary, the Saints, the Holy Angels, your Catholic Faith, and the Catholic Church. You will never look at these the old way again.
15. We will contact you to see how you are doing with your assignments and to determine if you are truly ready. We will not proceed with an exorcism if we sense that you are not prepared. We do not want to waste your time, and neither you wasting our time when we could minister to others who are more willing than you. Lack of spiritual preparedness makes the battle during exorcisms very difficult. It is like a rubber band stretched to its max but never breaking, and once the tension is released, the band snaps back with a vengeance. That is what happens to demons in an exorcism; if they still have a stronghold in your life, you violently pull them out through the power of the prayers, but since they are still attached to something in your life they could not be expelled. Once the prayers are over, the demons retaliate against you for bringing them to such torture. You will suffer all the more.
16. When the day of your pray over arrives, we will ask you for any unusual experience the week or days or night before the pray over. We will ask you also to come in appropriate attire for the pray over. You will need to bring a confidant to accompany you, perhaps a close relative or friend.
17. The anxiety will be like that of going through major surgery. However, do not be afraid, Jesus, Our Good Shepherd, is the Divine Physician. If you surrender everything to Him, He will save you. Focus only on the Divine Mercy that is saving you. He battles for your soul and salvation. The whole Church on Earth, in Purgatory, in Heaven intercedes for you. Victory is guaranteed because Jesus is the Victor over sin, death, and the devil. However, we need your full cooperation and faith in God. The battle may be long, but victory is assured.
18. You will not reach this point if the Lord does not intend to heal you. It may take two, three, four, five sessions, or more? It all depends on what areas of your life seem to still be in bondage with the devil, what spiritual openings need to be closed, what part of your life required healing and transformation. There are times that even you will be surprised at how the devil implanted itself in your life that you were not even aware of. Sometimes it may not be you; sometimes, there is a need for conversion in your family. God works wholesale. He wants to save everyone, and He is using the affliction you are experiencing to bring the whole family together to pray for you and to change their lives as well. Sometimes it may be in the house, perhaps your home or property is infested with evil spirits that need to be expelled so that they will not attack you or those you cherish. Everything will happen in God's time.
19. We need to tell you that the chapels where the exorcisms are done have CCTV and that we record prayer sessions. We do this for your protection and ours as well. Also, when we need to review

your case, we look at the video recording to confirm or verify our observation. We keep the video footage with secrecy and care. For some unusual instances and reactions, we may show footages to exorcists that we are training; these are all done in private, observing utmost confidentiality.

20. And when you have experienced what it means to be the lost sheep that the Good Shepherd is looking for, you will finally understand how great God loves you. Hence, you will want to become a saint. Never to be separated from His love. Your spiritual affliction now has meaning. Had it not been with your encounter with the Devil, you would not have found in a most intimate way God – Father, Son, and Holy Spirit, and the love and care of the Blessed Virgin Mary, the Saints, and the Holy Angels.

#### **Note to All Who are in Irregular/Immoral Relationships:**

If you are Catholics and live in an immoral situation –cohabiting without the benefit of Catholic sacramental marriage, in a same-sex or an adulterous relationship, you are living outside the grace of God. This is a major impediment in receiving deliverance and healing. You will not be healed until you fix your moral situation. The evil one has a hold on your life because of this grave sin. Your retaliations will be terrible because of this. It will not go away until you have a full and total conversion. This condition holds to anyone who would ask for our assistance.

#### **Note to Apostate Catholics, Non-Catholics, and Non-Christians:**

1. **For Apostate Catholics** (those who forsake their Catholic baptism and joined another Christian group for whatever reason) – Apostasy is a mortal sin. Deliverance and Healing will not come until one has repented of this sin. This sin must be confessed sacramentally, and a profession of faith in the One Holy Catholic and Apostolic Church must be made. You must go back to the practice of the Catholic Faith before any exorcism can be done.
2. **For validly Baptized Non-Catholic Christians who were never Catholics before** – The Catholic Church is willing to help you, but you must desire and believe that only through her ministry can you be helped. Please do not ask that the Church or her ministers will change the prayers so you will not feel uncomfortable. She prays as she believes (*lex orandi lex credendi*). The Catholic Church cannot deny her faith, her identity, and the way she prays just to assist you.
3. **For un-Baptized non-Catholic Christians** – baptism is necessary for salvation (Mk. 16:16); this is our firm belief. You must have true faith in Jesus Christ and be incorporated into His mystical body. If you come from a denomination that does not baptize in the name of the Most Holy Trinity - the Father, the Son, and the Holy Spirit, or does not believe that Jesus Christ is truly God and truly Man, your denomination is not Christian. Your baptism is invalid in Catholic terms. You will need evangelization and a valid baptism before you can be ministered to.
4. **For non-Christians** – the Catholic Church extends her arms in a loving embrace to help you be free of the spiritual affliction caused by unclean spirits. However, we would like to let you know that only in Jesus Christ can salvation and true liberation come. She will set you free in the name and by the power of Jesus Christ. You will be asked to renounce your false beliefs sincerely and put your trust and faith in the One True God and Jesus Christ His Son, the Savior of the world. Whatever may be lacking in your faith, the Catholic Church supplies (ecclesia supplet). However, when Jesus Christ heals you, you can no longer go back to your old religion.

#### **Note to who will be your companion during the Prayer Over Session:**

1. You can bring a trusted friend or a family member who truly wants to help you. Your companion must be Catholic in the *state of grace*, that is, they have made a sincere and good sacramental confession and have received the absolution. They should go to Holy Mass and received Holy Communion devotedly. They like you, must prepare themselves spiritually. The evil one would retaliate to anyone who would help you be free from their shackles.
2. Your companion must not be involved in the New Age, the occult or does not wear or use occult objects for protection (agimat, anting-anting, pangontra, talisman, amulet, habak, etc.) or a member of freemasonry or any cult or pseudo-catholic organizations. The presence of the occult in a person is spiritual contamination, most especially if they are Catholics. This contamination will affect your deliverance negatively. See to it that your companion is not spiritually compromised.
3. You are not to bring your cohabiting partner or “special someone” if you have an immoral relationship with the person. The unholy soul ties are a stumbling block to spiritual liberation and healing.

## REMEMBER!

Do not demand to be exorcised or talk to the exorcist immediately. We are here to help you, but you do not order us to help you. Courtesy and Kindness is a disposition we appreciate.

The ministry is FREE OF CHARGE. We want to see you liberated from the Evil One and have a loving relationship with the Lord Jesus Christ and His Church.

If you want to DONATE for the “Furtherance of the Ministry”, we accept them as a contribution to the construction of the SAINT MICHAEL THE ARCHANGEL CENTER FOR SPIRITUAL LIBERATION. Ask your Case Officer how.
